After 30 Years Leverage League Has Final Season

Myron, Keith & Karen

It all started 3 decades ago at Myron's house. The club got together once a month from September to June to compete for the annual coveted "Bull Trophy" award. We would most often trade commodity contracts attempting to grow a (fake) \$10,000 into whatever amount needed to win the trophy.

We had our last awards dinner at the Silver Stallion Restaurant in Des Plaines where we awarded the top three finishers:

Myron Gaylord took 1st place! He turned his portfolio into a \$6,149,967. This is the eleventh time Myron has won 1st place over the last 30 years. This year Myron made his "fortune" trading the S&P 500 index.

Keith Nyborg took 2nd place with \$4,174,024. Early in the season Keith had over \$5 million but "wiped out". Then managed to work his way back up. Keith has had two 1st place trophies in the last 7 years.

Karen Mathisen took 3rd place with \$204,956. Karen initially traded the S&P 500 index and later traded crude oil futures. Karen had a 1st place trophy in 1992.

So congratulations to our 2016 Leverage League "bull trophy" winners!
